**Planning Director, Ryan Miller provided background information on this agenda item. He explained that this request is for the purpose of allowing side entry garages and other minor changes to the Planned Development District ordinance. He explained that Planned Development District 76 (PD-76) -- also known as the Emerson Farms Subdivision -- was originally established by the City Council on November 17, 2014 by Ordinance No. 14-50. At the time of approval, this Planned Development District allowed 107, one (1) acre single-family residential lots on a 138.79-acre tract of land. Under the current request, the applicant is requesting to make alterations to [1] the garage orientation requirements (to allow side entry garages), [2] the anti-monotony standards (to increase these to match current UDC requirements), [3] the fencing requirements (to require that all fences be wrought iron / tubular steel), and [4] the requirements relating**

to interior finishes inside the homes (to remove the requirement for crown molding). He went on to share that approval of this request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission. On April 20, 2026, the Planning and Zoning Commission reviewed the applicant's request and approved a motion to recommend approval by a vote of 6-1, with Commissioner Hagaman dissenting. In accordance with the requirements of the Unified Development Code (UDC) and State law, staff notified all properties owners and occupants located within Planned Development District 76 (PD-76) and within 500-feet of its boundary. These notices were sent out on March 17, 2026, and included 104 notices. Thus far, staff has not received any returned notices regarding this request.

Following Mr. Miller's briefing, Mayor McCallum opened the public hearing calling forth the applicant to speak and asking if anyone else would like to speak during the Public Hearing.

Bob Wacker  
309 Featherstone  
Rockwall, TX 75087

Mr. Wacker came forth and provided comments related to wrought iron fencing, sharing that his own neighborhood (Stone Creek) has a lot of these types of fences. He explained that some homeowners got into problems with the HOA because they wanted to put bamboo or plastic on their wrought iron fences. He went on to express that he hopes the city will not allow residents to do these sorts of things to wrought iron fences.

There being no one else wishing to speak, the mayor closed the public hearing and called upon the applicant for comments at this time.

The applicant came forth and shared comments about fencing requirements, indicating he prefers the 5' fencing, as it's a pretty big cost to do all of the fences.

The Mayor expressed a preference that the garages be 3-car garages instead of 2-car garages. The applicant pointed out that garages were not mentioned in the initial approval of this subdivision; however, Mr. Miller shared that, although they were not specifically mentioned in the original ordinance, garages are still required by the city's UDC.

Councilmember Henson asked the applicant if he would consider doing at least 50% as side-entry garages instead of j-swings. Henson shared that he is very supportive of something more than 50% on this topic as well as also being in support of having 3-car garages.

Councilmember Lewis then spoke sharing that, regarding 3-car garages, he hates to have the applicant have to go back and do them all as 3-car garages. He'd rather there be a percentage.

The mayor pointed out these are 'estate lots,' and a few months ago, the Council approved mandatory 3-car garages on those sized lots elsewhere.

The applicant shared that 3-car garages is an added cost, and he does not think any of the planned builders will have an issue with this; however, he is not totally sure.

Mayor McCallum moved to approve Z2026-013, including the recommendations from staff and also requiring at least 50% of the lots to have side entry garages and that all of the homes shall have 3-car garages. Councilmember Henson seconded the motion. The ordinance caption was read as follows:

#### CITY OF ROCKWALL

ORDINANCE NO. 26-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 76 (PD-76) [ORDINANCE NO. 14-50] AND THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 20-02] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, FOR THE PURPOSE OF CHANGING THE *DEVELOPMENT STANDARDS* FOR A 138.79-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1 OF THE J. LOCKHART SURVEY, ABSTRACT NO. 137, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'* AND DEPICTED HEREIN BY *EXHIBIT 'B'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 5 ayes to 2 nays (Campbell and Lewis).

3. Z2026-014 - Hold a public hearing to discuss and consider a request by Kris Sharp of 5 Sharp Real Estate, LLC for the approval of an ordinance for a Zoning Change to amend Planned Development District 46 (PD-46) [Ordinance No. 25-12] being a 47.37-acre tract of land situated within the J. A. Ramsey Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 46 (PD-46) for Commercial (C) District land uses, situated within the SH-276 Overlay (SH-276 OV) District, generally located at the northeast corner of Corporate Crossing and SH-276, and take any action necessary (1st Reading).

Planning Director, Ryan Miller provided background information on this agenda item. The subject property was annexed -- along with the rest of the land area that makes up Planned Development District 46 (PD-46) -- by the City Council on July 21, 1997 by Ordinance No. 97-14 [Case No. A1997-001]. At the time of annexation, the subject property and the remainder of Planned Development District 46 (PD-46) were zoned Agricultural (AG) District; however, many of the land uses that exist today were already established uses at the time of annexation. Based on this, the City Council approved Ordinance No. 99-05 on March 1, 1999. This ordinance changed the zoning of the area from an Agricultural (AG) District to Planning Development District 46 (PD-46). Under this Planned Development District all of the properties were given a base zoning of Commercial (C) District, but were also granted the ability to continue the current land use on each of the properties (i.e. the zoning ordinance made the legally non-conforming land uses by-right land uses for each of the properties). On August 2, 2021, the City Council approved an amendment to Planned Development District 46 [Case No. Z2021-024] to allow the Warehouse/Distribution Center land use by-right on the subject property, otherwise indicated as Tract 12 within Ordinance No. 21-32. On August 10, 2021, the Planning and Zoning Commission approved a site plan [Case No. SP2021-015] to allow the construction of a 22,000 SF Office/Warehouse Building on Tract 12.

On January 18, 2023, a building permit (COM2022-6322) was issued for the construction of the Office/Warehouse Building. During construction of this building, a wrought-iron fence was installed in the front yard of the property without a building permit. The property owner came before the Planning and Zoning Commission on March 26, 2024 requesting to allow the unpermitted front yard fence to remain [Case No. MIS2024-004]. Ultimately, this request was subsequently approved by the Planning and Zoning Commission by a vote of 5 to 0. At some point after the last failed final inspection (i.e. dated September 4, 2024) for the building permit [Permit No. COM2022-6322] the applicant began operating a business without a finalized building permit or Certificate of Occupancy (CO). In addition, the applicant failed to submit mylars

for filing their replat [Case No. P2022-004]. This means that the necessary fire lane and utility easements were not established on the property.

On December 19, 2025, -- at the direction of the Planning Department -- the Neighborhood Improvement Services (NIS) Division opened an enforcement case [Case No. CE2025-7041] for unpermitted Outside Storage on the subject property. In addition, a case was opened [Case No. CE 2025-7040] for operating without a Certificate of Occupancy (CO). The Planning Division also made several attempts to get the property owner to file the final plat, and this has not been filed to date. Following these attempts and enforcement actions, four (4) citations were issued before the applicant's submittal requesting the amendment to Planned Development District 46 (PD-46); however, during this time period the applicant did receive a final inspection for the outstanding building permit, and an approved Certificate of Occupancy (CO) for Office/Warehouse on February 4, 2026. Staff should note, that the applicant has not discontinued the storage of building materials and product outside of the building in the required parking spaces since they were originally notified on December 19, 2025. The applicant -- Kris Sharp of 5 Sharp Real Estate, LLC -- is now requesting to amend Planned Development District 46 (PD-46) [Ordinance No. 25-12] to allow Outside Storage on the subject property at 3301 Springer Road. The applicant has submitted civil engineering plans (*i.e. erosion control plan, grading plan, paving plan, detention calculations and layout, drainage area plans, site and dimension control plan, and utility plans*) that were used during their initial construction of the subject property. In addition, the applicant has provided a letter "...requesting Outside Storage as a permitted land use on the property." Mr. Miller explained that if the City Council chooses to approve the applicant's request to amend Planned Development District 46 (PD-46) to allow *Outside Storage* on the subject property as indicated in the draft ordinance, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the requirements contained in the Planned Development District ordinance.
- (2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Mr. Miller went on to share that staff mailed out 74 notices to property owners and applicants located within 500' of the subject property and sent a notice to the Lofland Farms and Timber Creek Homeowner's Associations (HOAs), which are the only HOA's or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program; however, staff has not received any notices in response. In addition, on April 14, 2026, the Planning and Zoning Commission approved a motion to recommend denial of the zoning change by a vote of 7-0. As such, any potential approval this evening by the City Council would require a super majority vote of Council in order for its passage.

The Mayor then opened the public hearing and called forth the applicant, also asking if anyone present would like to speak during the Public Hearing, but no one indicated such.

The applicant came forth and asked if the Council will consider allowing a withdraw of this request so that she may resubmit a new request next week.

Mr. Miller shared that they are currently operating outside of approved regulations, so -- even if the Council does allow the withdraw -- the city will have to cite them.

City Attorney Frank Garza spoke up, sharing that the Council could also remand this back to the Planning & Zoning Commission so that the applicant can present its modified request to P&Z and does not have to start over or be issued citations by the City.

Mayor McCallum moved to remand this case (Z2026-014) back to the Planning & Zoning Commission. He then explained to the applicant the reasons why Council typically denies requests when applicants fail to show up at public meetings concerning their request(s). He urged her and others to show up at all the meetings in order to address either the P&Z Commission and/or the City Council. Councilmember Campbell then seconded the motion to remand the case back to the Planning & Zoning Commission. Councilmember Jeffus shared that she believes these concerns have been ongoing for a while now, and she wants assurances that the applicant is going to address things such as the citations that the city has issued. The applicant shared that she recently paid five citations, and she generally apologized to the City for their delays. She assured Councilmember Jeffus that she will be better prepared once this goes back to P&Z. Councilmember Lewis pointed out several serious issues that the applicant has pertaining to things ongoing on the property that have been out of compliance. He strongly urged the applicant to work closely with staff and get all the concerns resolved. Councilmember Henson sought and received a verbal commitment from the applicant that she will address the concerns and will show up at future meetings.

The motion to remand the case back to the P&Z Commission passed unanimously of those present (7 ayes to 0 nays).

4. **Z2026-012** - Hold a public hearing to discuss and consider the approval of an **ordinance** for a Text Amendment to Section 10, *Fee Schedule*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC) for the purpose of amending the *Fee Schedule* to update the City's development related application fees, and take any action necessary (1st Reading).

Planning Director, Ryan Miller provided background information on this agenda item. He explained that the current *Fee Schedule* for development related application fees was adopted on June 6, 2005 by *Resolution 05-22*. Since that time, the City has experienced significant growth in both development activity and administrative complexity associated with processing applications, conducting technical reviews, and facilitating public hearings. Despite these changes, the *Fee Schedule* has not been comprehensively updated to reflect current costs or to be comparable to the City's market cities.

Section 10, *Fee Schedule*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC) established that development related fees are intended solely to recover the administrative costs associated with processing applications, advertising zoning requests, and conducting the required public hearings, and are not intended to generate revenue beyond cost recovery. Based on staff's review, the City's current fee structure is substantially short of recovering the actual administrative costs associated with processing and administering development-related cases. In addition, the existing fees are significantly lower than those of comparable municipalities.

To evaluate and compare the City's current fees, staff conducted a survey of peer and market-area cities. The results of this analysis demonstrate that the City of Rockwall's current fees -- *while not always being the lowest* -- are consistently below those of surrounding jurisdictions for similar application types. This disparity indicates that the City is not fully recovering the administrative costs associated with development review and related administrative processes associated with development cases. In addition, it is worth noting that

the costs associated with notifications and advertising have significantly increased over the past 20-years. Specifically, the cost of postage has increased from \$0.37 in 2005 to \$0.78 in 2025 (*i.e. an increase of 110.81%*). In addition, staff estimates the average cost per caption for a newspaper notice -- *which is required by State Law for all zoning related cases* -- to be between \$85.34 – \$194.18 (*or an average per caption price of \$109.84*) [*estimated over the last six (6) newspaper notices*].

To correct the disparities in cost, staff is proposing a comprehensive update to the *Fee Schedule* that will better align with current market conditions and administrative cost recovery objectives. The proposed adjustments are outlined in the attached *Fee Schedule Comparison*. In general, the proposed revisions maintain the existing fee structure and methodology (*including a base fee and acreage-based calculation*), while increasing and standardizing the fee amounts to levels more consistent with peer cities and current operational demands. Mr. Miller noted that the proposed *Fee Schedule* does make a distinction between applications for residential and non-residential Specific Use Permits (SUPs) and variances. This was done to ensure that the costs that citizens are expected to pay is significantly less than the costs developers and businesses are expected to pay.

Mr. Miller explained that during the *Work Session Meeting* on March 31, 2026, the Planning and Zoning Commission recommended to staff that [1] the fee for variances for residential properties be lowered from \$200.00 to \$100.00, and [2] that a notification fee be established in addition to the base fee for all cases that require public notification. Based on this, staff has logged all notification fees associated with development cases over the past year and determined that the average fee for notification (*i.e. newspaper and property owner notifications*) was \$149.78. Based on this, staff is proposing a notification fee of \$150.00 that will be assessed in addition to the base application fee for all cases that require public notification. Staff also lowered the fees associated with variances for residential properties in accordance with the Planning and Zoning Commission’s recommendation.

The mayor opened the public hearing, but no one indicated a desire to speak. So, he then closed the public hearing. Councilmember Campbell then moved to approve Z2026-012. Councilmember Lewis seconded the motion. The ordinance caption was read as follows:

CITY OF ROCKWALL  
ORDINANCE NO. 26-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 20-02*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTION 10, *FEE SCHEDULE*, OF ARTICLE 11, *DEVELOPMENT APPLICATIONS AND REVIEW PROCEDURES*, AS DEPICTED IN *EXHIBIT ‘A’* OF THIS ORDINANCE; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion to approve passed by a vote of 7 ayes to 0 nays.

**XII. Action Items**

1. Discuss and consider approval of a resolution finding that public use, convenience, and necessity exists regarding acquiring an access easement for health, fire, and safety, with said access easement covering approximately 0.0083 acres (360 square feet) and being located in the M.J. Barksdale Survey, Abstract No. 11, Rockwall County, Texas, and being a portion of Lot 10, Block A, Harbor-Rockwall Addition; authorizing the acquisition of such property interests through negotiation or, if necessary, through the exercise of the City's power of eminent domain; including authorizing City officials, employees, agents, attorneys, and consultants to take all actions necessary to acquire the required property interests.

**City Attorney Frank Garza provided brief explanation concerning this agenda item. He shared that the city has been attempting to negotiate access to a very small parcel of land needed for safety purposes; however, negotiations by city staff have not yielded results thus far. So, through adoption of this ordinance, Council will allow staff to continue negotiations, and if they fail, the city will be authorized to take the next step of going to court to try to obtain the property that way.**

**Mayor McCallum provided some brief, additional clarification, mentioning that this piece of land is vital, as it is tied to response times associated with our first responders. He then moved to approve the resolution, as written. Councilmember Jeffus seconded the motion, which passed by a vote of 7 ayes to 0 nays.**

### **XIII. Adjournment**

**Mayor McCallum adjourned the meeting at 6:51 p.m.**

For example, a 5.25-acre property that is requesting a zoning change would be calculated as follows:

$$5.25\text{-acres} \times \$4520.00/\text{Acre} = \$23,730.00 + \$200800.00 \text{ [Base Fee]} = \$278,75905.00 \text{ [Fee Due]}$$

**(E)(D) Non-Compliant Structure Fees.** Fees associated with requests for a Site Plan, Specific Use Permit (SUP) or a Variance/Special Exception that deal with structures that were [1] constructed without a building permit, or [2] that were *not* constructed in conformance with an approved building permit shall be increased by \$4,0002,500.00. For example, a 5.25-acre *residential* property that is requesting approval for a Specific Use Permit (SUP) under this section would be calculated as follows:

$$5.25\text{-acres} \times \$4520.00/\text{Acre} = \$23,730.00 + \$200.00 \text{ [Base Fee]} = \$278,75305.00 \text{ [Typical Application Fee]} + \$4,0002,500.00 \text{ [Forgiveness—Fee Non-Compliant Structure Fee]} = \$4,278,752,805.00 \text{ [Fee Due]}$$

**TO: Mary Smith, City Manager**

**FROM: Amy Williams, P.E., Director of Public Works/City Engineer**

**DATE: May 4, 2026**

**SUBJECT: W. Boydston and Forest Trace Reconstruction Project Change Order Request**

---

The City has extended the limits of construction due to failing paving of Forest Trace. The additional paving will be from approximately 201 Forest Trace to 505 Forest Trace. Storm sewer revisions are required at the intersection of W. Boydston and Forest Trace to update the storm to current City standards.

Maya Underground Contractors, LLC. is the contractor for the W. Boydston and Forest Trace Reconstruction project. They have quoted a cost of \$1,887,423.00 to add the additional storm and paving for Forest Trace. Staff requests City Council consider authorizing the City Manager to execute a change order in the amount of \$1,887,423.00 to Maya Underground Contractors to be paid for out of the 2018 Street Bonds, and take any action necessary.

## CITY COUNCIL CASE MEMO

### PLANNING AND ZONING DEPARTMENT

385 S. GOLIAD STREET • ROCKWALL, TX 75087

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

**TO:** Mayor and City Council

**DATE:** May 4, 2026

**APPLICANT:** John Wardell

**CASE NUMBER:** P2026-013; *Replat for Lot 5, Block A, Las Primeras Addition*

### SUMMARY

Consider a request by John P. Wardell for the approval of a Replat for Lot 5, Block A, Las Primeras Addition being a 0.637-acre tract of land identified as Lots 1 & 2, Block A, Las Primeras Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, generally located on the west side of Renfro Street, north of the intersection of Renfro Street and E. Boydston Avenue, and take any action necessary.

### PLAT INFORMATION

- Purpose. The applicant is requesting approval of a Replat for two (2) existing parcels of land on 0.637-acres (*i.e. Lots 1 & 2, Block A, Las Primeras Addition*) in order to combine the lots in to one (1) new lot (*i.e. Lot 5, Block A, Las Primeras Addition*). The purpose of the Replat is to facilitate the future sale of the subject property.
- Background. The subject property was annexed sometime between April 1911 and April 1934 according to the City Sanborn Maps. According to the January 3, 1972 zoning map the subject property was zoned Commercial (C) District. At some point between June 14, 1983 and July 11, 1985, the subject property was rezoned from a Commercial (C) District to a Single Family (SF-7) District. In review of the available aerial imagery and permitting history, there is an accessory building located on the subject property; however, the date of construction could not be determined. That being said, the remainder of the subject property has remained vacant since the time of annexation.
- Conformance to the Subdivision Ordinance. The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for plats as stipulated by the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications, submittal requirements, and conformance to the items listed in the Conditions of Approval section of this case memo.
- Conditions of Approval. Conditional approval of this Replat by the City Council shall constitute approval subject to the conditions stipulated in the Conditions of Approval section below.

### CONDITIONS OF APPROVAL

If the City Council chooses to approve the Replat for Lot 5, Block A, Las Primeras Addition, staff would propose the following conditions of approval:

- (1) All technical comments from City Staff (*i.e. Engineering, Planning and Fire Department*) shall be addressed prior to submittal of civil engineering plans; and,
- (2) Any construction resulting from the approval of this Replat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

**PLANNING AND ZONING COMMISSION**

On April 28, 2026, the Planning and Zoning Commission approved a motion to recommend approval of the replat by a vote of 7-0.

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

**TO:** Mayor and City Council

**DATE:** May 4, 2026

**APPLICANT:** RDelta Engineers

**CASE NUMBER:** P2026-014; *Replat for Lot 4, Block A, REC Campus Addition*

### SUMMARY

Consider a request by RDelta Engineers on behalf of Stephen Geiger of Rayburn Country Electric Cooperation, Inc. for the approval of a Replat for Lot 4, Block A, REC Campus Addition being a 32.835-acre parcel of land identified as Lot 3, Block A, REC Campus Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 44 (PD-44) for Commercial (C) and Heavy Commercial (HC) District land uses, generally located at the northwest corner of the intersection Mims Road and S. Goliad Street [SH-205], and take any action necessary.

### PLAT INFORMATION

- ☑ Purpose. The applicant is requesting approval of a Replat for one (1) existing parcel of land on 32.835-acres (*i.e. Lot 3, Block A, REC Campus Addition*) in order to establish one (1) new lot (*i.e. Lot 4, Block A, REC Campus Addition*). The purpose of the Replat is to establish the necessary easements in order to develop the previously approved *Indoor Gun Range Facility* [Case No. SP2025-012] on the subject property.
- ☑ Background. The subject property was annexed on May 19, 1986 by *Ordinance No. 86-37* [Case No. A1986-005]. According to the December 7, 1993 zoning map the subject property was zoned Commercial (C) District and Heavy Commercial (HC) District. On September 19, 2022, the City Council approved a preliminary plat [Case No. P2022-041] that indicated the subject property as Lot 3, Block A, REC Campus Addition. On July 17, 2023, the Planning and Zoning Commission approved a final plat [Case No. P2023-018] that establish the subject property as Lot 3, Block A, REC Campus Addition. On August 5, 2024, the City Council approved a zoning change [Case No. Z2024-028] from Commercial (C) District and Heavy Commercial (HC) District to Planned Development District 44 (PD-44) for Commercial (C) District and Heavy Commercial (HC) District land uses. On April 15, 2025, the Planning and Zoning Commission approved a site plan [Case No. SP2025-012] to allow the construction of an *Indoor Gun Range Facility* as part of the greater Rayburn Electric Cooperative corporate campus. The subject property has remained vacant since the time of annexation.
- ☑ Conformance to the Subdivision Ordinance. The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for plats as stipulated by the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications, submittal requirements, and conformance to the items listed in the Conditions of Approval section of this case memo.
- ☑ Conditions of Approval. Conditional approval of this Replat by the City Council shall constitute approval subject to the conditions stipulated in the Conditions of Approval section below.

### CONDITIONS OF APPROVAL

If the City Council chooses to approve the Replat for *Lot 4, Block A, REC Campus Addition*, staff would propose the following conditions of approval:

- (1) All technical comments from City Staff (*i.e. Engineering, Planning and Fire Department*) shall be addressed prior to submittal of civil engineering plans; and,
- (2) Any construction resulting from the approval of this *Replat* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

**PLANNING AND ZONING COMMISSION**

On April 28, 2026, the Planning and Zoning Commission approved a motion to recommend approval of the replat by a vote of 7-0.

**TO:** Mayor and City Council  
**DATE:** May 4, 2026  
**APPLICANT:** David Bond; *Spiars Engineering, Inc.*  
**CASE NUMBER:** P2026-016; *Replat for Lot 2, Block A, Rockwall County YMCA Addition*

---

**SUMMARY**

Consider a request by David Bond of Spiars Engineering, Inc. on behalf of Todd Baker of YMCA of Metropolitan Dallas for the approval of a Replat for Lot 2, Block A, Rockwall County YMCA Addition being a 21.378-acre parcel of land identified as Lot 1, Block A, Rockwall County YMCA Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 5 (PD-5), situated within the North SH-205 Overlay (N. SH-205 OV) District, addressed as 1210 N. Goliad Street [*SH-205*], and take any action necessary.

**PLAT INFORMATION**

- Purpose. The applicant is requesting the approval of a Replat for a 21.378-acre parcel of land [*i.e. Lot 2, Block A, Rockwall County YMCA Addition*] for the purpose of establishing the necessary easements for the expansion of the subject property.
- Background. The subject property was annexed on March 2, 1960 by *Ordinance No. 60-01 [i.e. Case No. A1960-001]*. According to the City's historic zoning maps, the subject property was zoned both Office (O) District and Single-Family 3 (SF-3) District as of January 3, 1972. Between January 3, 1972 and January 22, 1982, the subject property was rezoned to Planned Development District 5 (PD-5) and has maintained that designation since. According to the Rockwall Central Appraisal District (RCAD), there is a restroom building, swimming pool, and pool enclosure that were constructed in 1989, a gym that was constructed in 1992, and a rec center and parking lot that were constructed in 2014. On November 12, 2013, the Planning and Zoning Commission approved a site plan [*i.e. Case No. SP2013-026*] to allow the remodel and expansion of the facility on the subject property. On February 17, 2014, the City Council approved a replat [*i.e. Case No. P2014-003*] allowing the establishment of easements for the expansion. On September 11, 2018, the Planning and Zoning Commission approved an amended site plan [*i.e. SP2018-027*] for the purpose of allowing the replacement of the lighting facilities for the ball fields on the subject property. On February 12, 2026, another amended site plan [*i.e. SP2025-012*] was approved to allow the expansion of the parking lot on the subject property.
- Conformance to the Subdivision Ordinance. The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for plats as stipulated by the Chapter 38, Subdivisions, of the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.
- Conditional Approval. Conditional approval of this Replat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.
- With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of Chapter 38, *Subdivisions*, of the Municipal Code of Ordinances.

**CONDITIONS OF APPROVAL**

If City Council chooses to approve of the Replat for *Lot 2, Block A, Rockwall County YMCA Addition*, staff would propose the following conditions of approval:

- (1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat; and,
- (2) Any construction resulting from the approval of this Replat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

**PLANNING AND ZONING COMMISSION**

On April 28, 2026, the Planning and Zoning Commission approved a motion to recommend approval of the Replat by a vote of 7-0.

**MEMORANDUM**

**TO:** Mayor and Council Members

**FROM:** Hotel Occupancy Tax Sub-Committee Members  
 Mary Smith, City Manager

**DATE:** April 30, 2026

**SUBJECT:** Budget Appropriation for CVB

Staff has been working through the early months of transition as the CVB function has moved from the Chamber office to City Hall. We did not try to tie down the budget prior to this move as we didn't know what we didn't know. With Ms. Jodi Willard in place we've worked through the various projects, associations, and marketing events which are typical for this function. Some were already paid at the Chamber before Jodi's move over here the first week of January.

The HOT subcommittee met last week and looked over the proposed budget appropriations and agreed to move them to Council consideration. Moving forward this function will be included with all of the other city budgets in the customary summer timeframes for September adoption. The appropriation totals \$270,168 entirely from HOT funds.

Prior to Council action on the above, the Hotel Occupancy Tax budget is as follows:

Fund Balance carried forward	\$2,118,625
Budgeted Revenues	1,800,000
Previously Allocated Funding	<u>(1,186,350)</u>
Projected Fund Balance	\$2,732,275

Council is asked to consider appropriating the funds from hotel occupancy taxes for the CVB function for the remainder of this fiscal year.

**DATE:** May 4, 2026

**CASE NUMBER:** Z2026-011; *Specific Use Permit (SUP) for Big-Tex Trailers*

---

On April 28, 2026, the Planning and Zoning Commission approved a motion tabling *Case No. Z2026-011* to the May 12, 2026 Planning and Zoning Commission meeting by a vote of 7-0. The purpose of tabling this case, was to allow the applicant additional time to work with staff concerning the proposed operational conditions contained within the draft ordinance. According to Subsection 02.03(C), *Postponement, Recess, and Continuation of a Public Hearing*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC), “(a) public hearing that was noticed in the manner prescribed by Subsection 02.03(A) may be postponed by announcing the postponement at the time and place of the noticed public hearing. The postponement of a public hearing shall be to a specific time and date no later than 30-days from the first or most recent public hearing. A postponed public hearing shall be presumed to be held in the same location as the initial public hearing, unless a different location is announced. The announcement of a postponement at a public hearing shall be sufficient notice and no additional notice is required.” Since the Planning and Zoning Commission tabled the case to the May 12, 2026 Planning and Zoning Commission meeting, the City Council will need to announce a new public hearing date of May 18, 2026 at their meeting on May 4, 2026. No additional action on this case is required. Should the City Council have any questions, staff will be available at the May 4, 2026 meeting.

**APPLICANT:** Kris Sharp; 5 Sharp Real Estate, LLC  
**CASE NUMBER:** Z2026-014; Amendment to Planned Development District 46 (PD-46)

---

The subject property was annexed -- along with the rest of the land area that makes up Planned Development District 46 (PD-46) -- by the City Council on July 21, 1997 by *Ordinance No. 97-14* [Case No. A1997-001]. At the time of annexation, the subject property and the remainder of Planned Development District 46 (PD-46) were zoned Agricultural (AG) District; however, many of the land uses that exist today were already established uses at the time of annexation. Based on this, the City Council approved *Ordinance No. 99-05* on March 1, 1999. This ordinance changed the zoning of the area from an Agricultural (AG) District to Planning Development District 46 (PD-46). Under this Planned Development District all of the properties were given a base zoning of Commercial (C) District, but were also granted the ability to continue the current land use on each of the properties (*i.e. the zoning ordinance made the legally non-conforming land uses by-right land uses for each of the properties*). On August 2, 2021, the City Council approved an amendment to Planned Development District 46 [Case No. Z2021-024] to allow the *Warehouse/Distribution Center* land use *by-right* on the subject property, otherwise indicated as *Tract 12* within *Ordinance No. 21-32*. On August 10, 2021, the Planning and Zoning Commission approved a site plan [Case No. SP2021-015] to allow the construction of a 22,000 SF *Office/Warehouse Building* on *Tract 12*.

On January 18, 2023, a building permit (COM2022-6322) was issued for the construction of the *Office/Warehouse Building*. During construction of this building, a wrought-iron fence was installed in the front yard of the property without a building permit. The property owner came before the Planning and Zoning Commission on March 26, 2024 requesting to allow the unpermitted front yard fence to remain [Case No. MIS2024-004]. Ultimately, this request was subsequently approved by the Planning and Zoning Commission by a vote of 5 to 0. At some point after the last failed final inspection (*i.e. dated September 4, 2024*) for the building permit [Permit No. COM2022-6322] the applicant began operating a business without a finalized building permit or Certificate of Occupancy (CO). In addition, the applicant failed to submit mylars for filing their replat [Case No. P2022-004]. This means that the necessary fire lane and utility easements were not established on the property.

On December 19, 2025, -- at the direction of the Planning Department -- the Neighborhood Improvement Services (NIS) Division opened an enforcement case [Case No. CE2025-7041] for unpermitted *Outside Storage* on the subject property. In addition, a case was opened [Case No. CE 2025-7040] for operating without a Certificate of Occupancy (CO). The Planning Division also made several attempts to get the property owner to file the final plat, and this has not been filed to date. Following these attempts and enforcement actions, four (4) citations were issued before the applicant's submittal requesting the amendment to Planned Development District 46 (PD-46); however, during this time period the applicant did receive a final inspection for the outstanding building permit, and an approved Certificate of Occupancy (CO) for *Office/Warehouse* on February 4, 2026. Staff should note, that the applicant has not discontinued the storage of building materials and product outside of the building in the required parking spaces since they were originally notified on December 19, 2025.

On March 13, 2026, the applicant submitted civil engineering plans (*i.e. erosion control plan, grading plan, paving plan, detention calculations and layout, drainage area plans, site and dimension control plan, and utility plans*) that were used during their initial construction of the subject property. In addition, the applicant has provided a letter "...requesting *Outside Storage* as a permitted land use on the property." At the March 31, 2026 Planning and Zoning Commission meeting, the Planning and Zoning Commission expressed concerns about the volume of *Outside Storage*, how the parking requirements would be met, and how the *Outside Storage* would be screened. Based on this, staff requested the applicant provide documentation that addressed these concerns and that could be presented to the Commission at the April 14, 2026 public hearing meeting; however, the applicant failed to provide these documents to staff and failed to attend the April 14, 2026 public hearing meeting. In response to the applicant's failure to attend the meeting, the Planning and Zoning Commission approved a motion to recommend denial of the zoning change by a vote of 7-0. The proposed zoning change went forward to

the City Council on April 20, 2026. At this meeting, the applicant came before the City Council and requested to withdraw their application to allow them to resubmit a new application the following cycle. Ultimately, the City Council approved a motion to remand the applicant's request back to the Planning and Zoning Commission in order to allow the applicant to provide documentation that detailed [1] where the *Outside Storage* will be located, [2] how the *Outside Storage* will be screened, and [3] how they intend to meet the parking requirements.

The applicant has subsequently provided a letter, site plan, and renderings of the proposed landscaping. Based on the applicant's letter, they are requesting [1] to install one (1) row of ten (10) foot tall Eastern Red Cedar trees on six (6) foot centers along a portion of Springer Road and along the western property line, and [2] remove any *Outside Storage* greater than nine (9) feet in height. The provided site plan bubbles the areas where the trees will be planted in red and outlines the *Outside Storage* areas in blue [see Figure 1]. Based on this, the applicant will be providing two (2) handicap parking spaces, and the remaining 29 parking spaces will contain *Outside Storage*. Given the approved site plan [Case No. SP2021-015], this creates a parking deficiency of 24 parking spaces. Staff should also note that the *Outside Storage* areas shown will be limited to the parking spaces as they cannot block access to the two (2) handicap spaces, and there cannot be dead end parking without an approved 15-foot by 64-foot turn around (i.e. Chapter 2 of the *Engineering Standards of Design and Construction*). In addition, staff should note that the bubbled area along the west property line is not located on the subject property, rather the landscaping will be located in front of the parking east of this bubble.

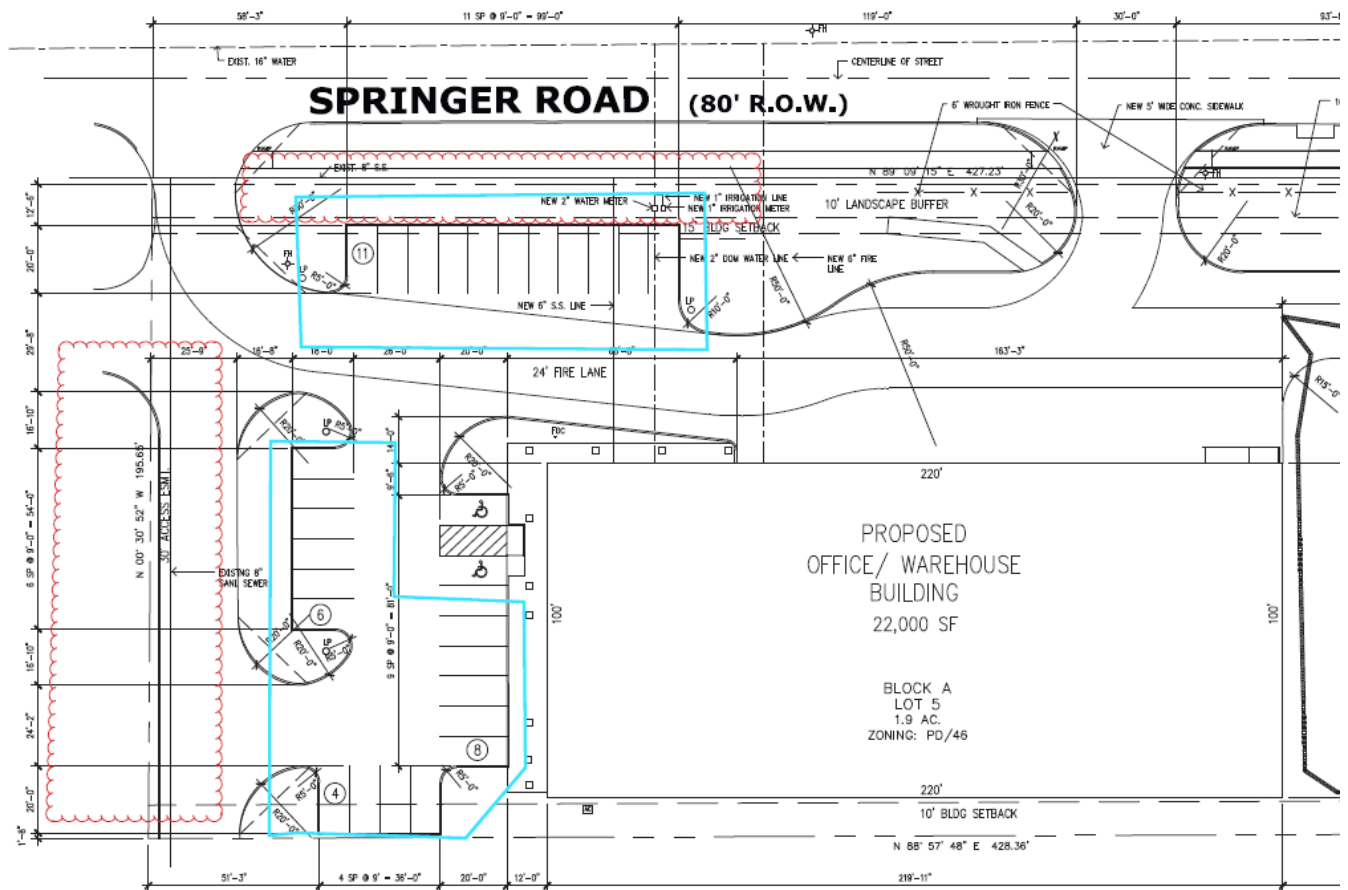

FIGURE 1: RED: LOCATION OF PROPOSED LANDSCAPE SCREENING; BLUE: LOCATION OF OUTSIDE STORAGE.

The applicant has also provided renderings of the proposed landscaping [see Figures 2 & 3]. Staff should note, that landscape rendering along Springer Road removes the existing landscaping within this landscape buffer, and the landscape rendering along the western property line [see Figure 3] provides more landscaping than proposed in the applicant's letter. The applicant verified to staff that the rendering along the western property line showed more than what was being proposed and that only the one (1) row of Eastern Red Cedar trees would be provided. According to Subsection 01.05, *Screening Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), "(o)utside storage of materials or vehicles shall be screened from all public rights-of-way, any adjacent properties, and parks and open space that abut or are

directly across a public street or alley from the subject property. The screening must be at least one (1) foot taller than the material or vehicles being stored and shall be achieved using a masonry wall (excluding tilt wall or concrete masonry units [CMU] unless otherwise approved by the Planning and Zoning Commission) and Canopy Trees on 20-foot centers. As an alternative, the Planning and Zoning Commission may approve a screening method...” such as three (3) tiered screening (*i.e. one (1) row of canopy trees, one (1) row of accent trees, and one (1) row of evergreen shrubs*). In addition to the requirements of the Unified Development Code (UDC), staff included *Notes* within the draft ordinance that requires that the [1] *Outside Storage* shall only be permitted in areas designated on a *Site Plan*, and [2] *Outside Storage* shall be visibly screened from the right-of-way (ROW) and all adjacent properties. In this case, the proposed screening method does not meet the requirements of the Unified Development Code (UDC) and the applicant’s concept plan virtually removes ALL of the required parking from the site. This means that the applicant would not meet the proposed zoning ordinance and -- *if the City Council approves this zoning request* -- the applicant will be required to request additional variances to the parking requirements and screening standards through the *Site Plan* process.

FIGURE 2: PROPOSED SCREENING ALONG SPRINGER ROAD.

FIGURE 3: PROPOSED SCREENING ALONG THE WESTERN PROPERTY LINE.

All this being said, this zoning change is a discretionary decision for the City Council, pending a recommendation from the Planning and Zoning Commission. On April 28, 2026, the Planning and Zoning Commission approved a motion to recommend denial without prejudice of the zoning change by a vote of 7-0. According to Subsection 02.03(G), *Protest of a Zoning Change*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC), if a zoning change “...is recommended for denial by the Planning and Zoning Commission, such zoning change or Specific Use Permit (SUP) shall require a supermajority vote (*i.e. a three-fourths vote of those members present*), with a minimum of four (4) votes in the affirmative required for approval.”

In accordance with the requirements of the Unified Development Code (UDC) and State law, staff notified all properties within 500-feet of its boundary. These notices were sent out on March 17, 2026, and included six (6) notices. As of this memorandum, staff has not received any notices with regard to the applicant’s request. If the City Council should have any questions concerning this case, staff and the applicant will be available at the May 4, 2026 City Council meeting.

**CASE NUMBER:** Z2026-014; *Amendment to Planned Development District 46 (PD-46)*

---

### SUMMARY

Hold a public hearing to discuss and consider a request by Kris Sharp of 5 Sharp Real Estate, LLC for the approval of a Zoning Change to amend Planned Development District 46 (PD-46) [Ordinance No. 25-12] being a 47.37-acre tract of land situated within the J. A. Ramsey Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 46 (PD-46) for Commercial (C) District land uses, situated within the SH-276 Overlay (SH-276 OV) District, generally located at the northeast corner of Corporate Crossing and SH-276, and take any action necessary.

### BACKGROUND

The subject property was annexed -- *along with the rest of the land area that makes up Planned Development District 46 (PD-46)* -- by the City Council on July 21, 1997 by Ordinance No. 97-14 [Case No. A1997-001]. At the time of annexation, the subject property and the remainder of Planned Development District 46 (PD-46) were zoned Agricultural (AG) District; however, many of the land uses that exist today were already established uses at the time of annexation. Based on this, the City Council approved Ordinance No. 99-05 on March 1, 1999. This ordinance changed the zoning of the area from an Agricultural (AG) District to Planning Development District 46 (PD-46). Under this Planned Development District all of the properties were given a base zoning of Commercial (C) District, but were also granted the ability to continue the current land use on each of the properties (*i.e. the zoning ordinance made the legally non-conforming land uses by-right land uses for each of the properties*). On August 2, 2021, the City Council approved an amendment to Planned Development District 46 [Case No. Z2021-024] to allow the *Warehouse/Distribution Center* land use *by-right* on the subject property, otherwise indicated as *Tract 12* within Ordinance No. 21-32. On August 10, 2021, the Planning and Zoning Commission approved a site plan [Case No. SP2021-015] to allow the construction of a 22,000 SF *Office/Warehouse Building* on *Tract 12*.

On January 18, 2023, a building permit (COM2022-6322) was issued for the construction of the *Office/Warehouse Building*. During construction of this building, a wrought-iron fence was installed in the front yard of the property without a building permit. The property owner came before the Planning and Zoning Commission on March 26, 2024 requesting to allow the unpermitted front yard fence to remain [Case No. MIS2024-004]. Ultimately, this request was subsequently approved by the Planning and Zoning Commission by a vote of 5 to 0. At some point after the last failed final inspection (*i.e. dated September 4, 2024*) for the building permit [Permit No. COM2022-6322] the applicant began operating a business without a finalized building permit or Certificate of Occupancy (CO). In addition, the applicant failed to submit mylars for filing their replat [Case No. P2022-004]. This means that the necessary fire lane and utility easements were not established on the property.

On December 19, 2025, -- *at the direction of the Planning Department* -- the Neighborhood Improvement Services (NIS) Division opened an enforcement case [Case No. CE2025-7041] for unpermitted *Outside Storage* on the subject property. In addition, a case was opened [Case No. CE 2025-7040] for operating without a Certificate of Occupancy (CO). The Planning Division also made several attempts to get the property owner to file the final plat, and this has not been filed to date. Following these attempts and enforcement actions, four (4) citations were issued before the applicant's submittal requesting the amendment to Planned Development District 46 (PD-46); however, during this time period the applicant did receive a final inspection for the outstanding building permit, and an approved Certificate of Occupancy (CO) for *Office/Warehouse* on February 4, 2026. Staff should note, that the applicant has not discontinued the storage of building materials and product outside of the building in the required parking spaces since they were originally notified on December 19, 2025.

**PURPOSE**

The applicant -- *Kris Sharp of 5 Sharp Real Estate, LLC* -- is requesting to amend Planned Development District 46 (PD-46) [Ordinance No. 25-12] to allow *Outside Storage* on the subject property at 3301 Springer Road.

**ADJACENT LAND USES AND ACCESS**

The subject property is located at 3301 Springer Road. The land uses adjacent to the subject property are as follows:

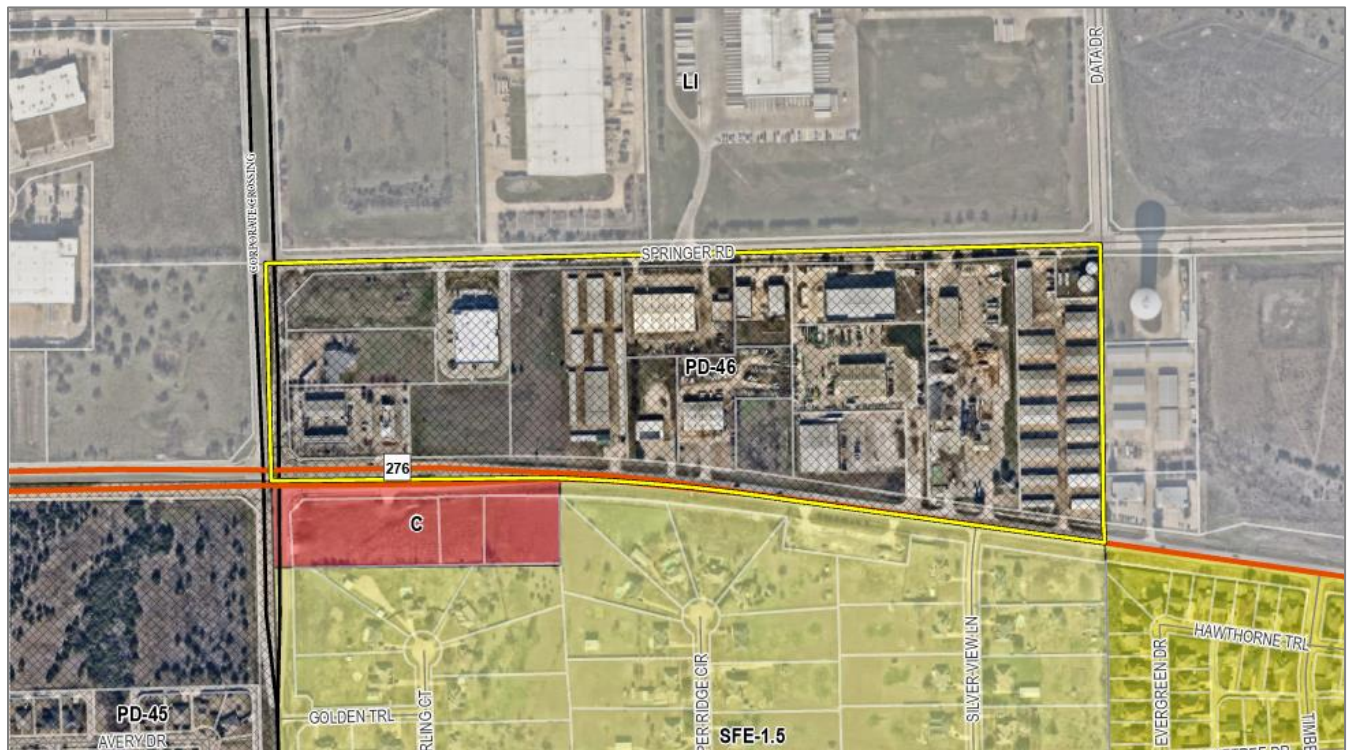

North: Directly north of the subject property is Springer Road, which is identified as a M4U (*i.e. major collector, four [4] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is a 38.932-acre parcel of land (*i.e. Lot 2, Block B, Rockwall Technology Park, Phase III Addition*) developed with a ~278,270 SF food manufacturing facility (*i.e. Bimbo Bakery*) zoned Light Industrial (LI) District.

South: Directly south of the subject property is a 3.212-acre parcel of land (*i.e. Lot 7, Block A, Sharp Addition*) developed with a *Heavy Machinery and Equipment Rental, Sales, and Service Facility (i.e. Sunbelt Rentals)*. Beyond this is a 1.964-acre parcel of land (*i.e. Lot 1, Block A, Sharp Addition*) developed with an *Office/Warehouse Building*. Both properties are zoned Planned Development District 46 (PD-46) for Commercial (C) District land uses. Following this is SH-276, which is identified as a P6D (*i.e. Principal Arterial, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the Sterling Farms Subdivision, which consists of 48 single-family residential lots that were established in 1997. This subdivision is zoned Single-Family Estate 1.5 (SFE-1.5) District.

East: Directly east of the subject property is a 5.317-acre tract of land (*i.e. Tract 2-13 of the J. A. Ramsey Survey, Abstract No. 186*) developed with a *Concrete Batch Plant Facility (i.e. Lattimore Materials)*. Beyond this is a 7.571-acre parcel of land (*i.e. Lot 1, Block 1, Highway 276 Self Storage Addition*) developed with a *Mini-Warehouse Facility*. Following this are two (2) tracks of land (*i.e. Tract 2-4 & 10-3 of the J. A. Ramsey Survey, Abstract No. 186*) developed with Blackland Water Supply water storage tanks and a City of Rockwall water tower. All of these properties are zoned Planned Development District 46 (PD-46) for Commercial (C) District land uses. East of this is a 56.5033-acre vacant parcel of land (*i.e. Lot 1, Block C, Rockwall Technology Park Phase V*) zoned Light Industrial (LI) District.

West: Directly west of the subject property is are several tracts of land that make up the remainder of Planned Development District 46 (PD-46). Beyond this is Corporate Crossing, which is identified as a A4D (*i.e. arterial, four [4] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

*Continued on next page...*

### **CHARACTERISTICS OF THE REQUEST**

The applicant has submitted civil engineering plans (*i.e. erosion control plan, grading plan, paving plan, detention calculations and layout, drainage area plans, site and dimension control plan, and utility plans*) that were used during their initial construction of the subject property. In addition, the applicant has provided a letter “...requesting Outside Storage as a permitted land use on the property.”

### **CONFORMANCE TO THE CITY’S CODES AND STAFF ANALYSIS**

According to *Ordinance No. 25-12*, the Planned Development District allows any land uses permitted within the Commercial (C) District and specifically *Warehouse/Distribution* on the subject property as a permitted *by-right* land use. The applicant’s request would change this section to add *Outside Storage* as a permitted land use only in Tract 12 (*i.e. 3301 Springer Road*) of this Planned Development District.

According to Subsection 01.05, *Screening Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), “(o)outside storage of materials or vehicles shall be screened from all public rights-of-way, any adjacent properties, and parks and open space that abut or are directly across a public street or alley from the subject property. The screening must be at least one (1) foot taller than the material or vehicles being stored and shall be achieved using a masonry wall (excluding tilt wall or concrete masonry units [CMU] unless otherwise approved by the Planning and Zoning Commission) and Canopy Trees on 20-foot centers. As an alternative, the Planning and Zoning Commission may approve a screening method...” such as three (3) tiered screening (*i.e. one (1) row of canopy trees, one (1) row of accent trees, and one (1) row of evergreen shrubs*). In addition to the requirements of the Unified Development Code (UDC), staff included *Notes* within the draft ordinance that requires that the [1] *Outside Storage* shall only be permitted in areas designated on a *Site Plan*, and [2] *Outside Storage* shall be visibly screened from the right-of-way (ROW) and all adjacent properties. In this case, the applicant has not provided any type of concept plan showing the location of the proposed *Outside Storage* or a screening plan. Staff should note that the concept plan and screening plan was requested by the Planning and Zoning Commission at the March 31, 2026 work session meeting. Given that the applicant failed to appear at the work session meeting, staff sent email to the applicant the following day requesting the concept plan and screening plan, as well as detailing that meeting attendance is required.

According to Table 5, *Parking Requirement Schedule*, of Article 06, *Parking and Loading*, of the Unified Development Code (UDC), *Office Buildings* require one (1) parking space per 300 SF, and *Warehousing* requires one (1) parking space per 1,000 SF. In this case, the applicant is required to provide 26 parking spaces based on the approved site plan [Case No. SP2021-015]. Staff has provided an aerial below, which indicates that all of the required parking on the subject property is currently being used for *Outside Storage*.

FIGURE 1: JANUARY 12, 2026

With that being said, this is a request for a zoning change, which is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

### **CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN**

According to the *Land Use Plan* contained in the OURHometown Vision 2040 Comprehensive Plan, the subject property is located within the *Technology District* and is designated for *Commercial/Retail* land uses on the Future Land Use Plan. Since the applicant's request does not change the land use designation on the Future Land Use Plan, this request would not change the properties conformity with regards to the land use plan contained in the OURHometown Vision 2040 Comprehensive Plan; however, the land use not being permitted within the Commercial (C) District would increase the non-conformity of the Planned Development District with regard to the goals and policies contained in the OURHometown Vision 2040 Comprehensive Plan. Specifically, Goal 06, *Mitigation of Negative Impacts*, Policy 2, of Chapter 09, *Non-Residential*, of the OURHometown Vision 2040 Comprehensive Plan states that "(o)utside storage areas should be discouraged in commercial/retail areas. This is especially important along major commercial/retail corridors... [and] Where permitted outside storage should be fully screened from public view." In this case, the subject property is identified as *Commercial/Retail* on the Future Land Use Plan and the applicant is not proposing any screening. Based on this, the applicant's request does not appear to meet the goals and policies set forth in the OURHometown Vision 2040 Comprehensive Plan. That being said, the proposed zoning change is considered to be a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

### **NOTIFICATIONS**

Since this is an amendment to an existing Planned Development District ordinance, it required staff to notify all property owners within the Planned Development District and within 500-feet of the Planned Development District's boundaries concerning the zoning change. As a result, on March 17, 2026, staff mailed 74 notices to property owners and occupants in or within 500-feet

of the Planned Development District 46 (PD-46). Staff also sent a notice to the Lofland Farms and Timber Creek Homeowner's Associations (HOAs), which are the only HOA's or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received any notices with regard to the applicant's request.

### **CONDITIONS OF APPROVAL**

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to amend Planned Development District 46 (PD-46) to allow *Outside Storage* on the subject property as indicated in the draft ordinance, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the requirements contained in the Planned Development District ordinance.
- (2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

To Whom it May concern,

Please accept this letter as confirmation that I am working with Sharp Insulation to coordinate a feasible solution to the screening process for 3301 Springer Ln. in Rockwall.

Our initial plan is to plant 10' cedars every 6 feet on the north side (inside of the existing fence) of the building along Springer Rd. to match existing landscape. We would also plant 10' cedars on the entrance of the property every 6 feet to hide the material stored on the west side of the entrance. Any material that is stored over 9' will be removed or relocated to adhere to the Unified Development Code, as per Rick Sharp with Sharp Insulation, allowing the 10' cedars to be sufficient coverage.

I look forward to our continued collaboration and success.

# 19 TECHNOLOGY DISTRICT

## DISTRICT DESCRIPTION

The *Technology District* is primarily characterized as an employment heavy district containing all phases of the Rockwall Economic Development Corporation's (REDC's) Technology Park, which supports a wide range of clean industrial businesses that help to diversify the City's tax base. This area benefits from easy access to IH-30 from John King Boulevard, Corporate Crossing, and SH-276 via SH-205. The district also contains a mixture of high to medium density residential land uses and several additional large vacant tracts of land that are entitled for low density residential land uses. The commercial areas adjacent to SH-276 contain a mixture of transitional uses and land uses targeted at supporting the existing and anticipated residential land uses. In the future, the *Technology District* is anticipated to continue to provide a mix of non-retail commercial and an assortment of housing options that will provide a balance with regard to the City's economic base and population.

## POINTS OF REFERENCE

- B. Rockwall Downes Subdivision

- Future Land Use

## DISTRICT STRATEGIES

Considering the existing composition and future intent of the *Technology District*, the following are the strategies for this district:

- 1 **Technology/Employment Center.** Taking into consideration the City's desire to preserve the current residential to non-residential land use ratio, encroachment of incompatible land uses (e.g. residential, commercial, etc.) should be discouraged in areas designated for *Technology/Employment Center* land uses. This is especially important in the City's Technology Park, which is denoted in a red dashed line (---). These areas should be preserved for larger clean industrial businesses that can help to diversify the City's tax base. The areas adjacent to Rochelle Road should utilize large buffers, berms and landscaping to off-set adjacency to the residential areas on the east side of Rochelle Road.
- 2 **Suburban Residential.** The low density residential land uses on the east side of Rochelle Road should be large master planned communities that incorporate a mixture of lot types and housing products to create unique subdivisions of enduring value. These areas should be highly amenitized and utilize the existing floodplain/ponds for a robust trail and park system.
- 3 **Neighborhood/Convenience Centers.** The commercial in this district is intended to support the existing and proposed residential developments and should be compatible in scale with the adjacent residential structures. In addition, these properties should use berms, landscaping and large buffers to transition to residential land uses. The existing transitional areas adjacent to SH-276 should be transition to neighborhood/convenience centers in the future.
- 4 **John King Boulevard Trail Plan.** A ten (10) foot hike/bike trail should be incorporated along John King Boulevard with rest stops and signage as indicated in *Appendix 'A'* of this Comprehensive Plan.

## MEMORANDUM

---

**TO:** Honorable Mayor and Council  
**FROM:** Jeffrey Widmer, Director / Building Official  
**DATE:** May 4, 2026  
**SUBJECT:** Sign Variance request for 607 White Hills to allow additional monument sign

---

Mike Eido with Travel Plaza LLC has requested to appear before City Council to present a sign plan, seeking a variance to the City's sign ordinance. Mr. Eido is asking for one additional monument sign to be constructed on his property located at 607 White Hills Rd.

Mr. Eido has obtained permits and is in the process of constructing two new buildings on the property. One being a 3700 sq. ft. car wash and the other a 2750 sq. ft. building intended for retail space. Our Sign Ordinance allows one free standing sign for a property of this size. However, Mr. Eido is requesting to construct two free standing monument signs.

Our sign ordinance allows properties less than 5 acres to have one freestanding sign; however, a property owner may submit a sign plan to the city council for determination of allowable number of signs.

Mr. Eido has submitted a letter explaining why he believes two monument signs will be necessary. In addition, Staff has included a site plan and aerial photo with the proposed sign locations marked in red, as well an exhibit showing what the proposed signs would look like.

The proposed monument signs do comply with the sign ordinance regulations pertaining to height, size and materials.

Dear Sirs

Regarding the above referenced Property, We appeal to you to grant us a variance for the installation of two monument signs on the property for the following reasons:

- 1- As seen on the site plan, the property is accessed by Two entrances on Two Different streets.
- 2- Two different buildings with differing addresses are located on the above-mentioned property.
- 3- The Two different addresses have completely different use; one is a Car Wash and the other is a restaurant
- 4- Allowing only one monument sign on one street will cause confusion for our customers and clients.

We hope that you accept our request, as we hope to be successful and create good business for us and for the city of Rockwall

## MEMORANDUM

---

**TO:** Mayor and Council Members  
**FROM:** Mary Smith, City Manager  
**DATE:** April 30, 2026  
**SUBJECT:** March 2026 Quarterly Report

---

The following analysis is offered for the period ended March 31, 2026 budget report. The budget is established in broad categories with line item estimates. In each category actual expenses as a whole should be considered rather than at the line item level. The typical budget threshold for this period is 50%. The below categories exceed the threshold but most are not unusual for this time of year. The annual maintenance agreements and insurance coverage is paid during October for the year so the percentages are skewed and work out over the budget year. December included a third pay period so that also affects percentages. City employees are paid bi-weekly for a total of 26 pay periods.

### General Fund Revenues

- All revenues are coming in at or above expected levels with a few exceptions. Overall revenues are at 62.19% of budget due to the timing of property tax payments early in the year. Property taxes are due in January so most are already paid with a few exceptions.
- Construction related revenue is down from the prior year as building permits have slowed. Construction inspection fees are paid as subdivisions begin development with building permits paid at the time of each individual home construction.
- Sales tax – through March the sales tax has overall been flat with months ranging from up 4.3% to down 6.0%. up by we budgeted an overall 6% increase in sales tax revenue. With IKEA's approaching opening we are optimistic about those new sales tax dollars coming into the community. We will closely monitor the coming months and may need to adjust budgets to reflect what we are experiencing.

### General Fund Expenditures

There are not any remarkable variances from budgeted expenditures. Overall, the General Fund is running at 50.87% for the first half of the budget year.

As noted above, the exception is generally the Contractual's category which includes the annual insurance coverages and annual maintenance agreements in the various budgets. Transfers have also been made to the Health insurance and Workers Comp plans for the year.

Department heads are reviewing their budgets to find ways to either reduce or postpone expenditures. A good example mowing contracts will be adjusted to be performed every two weeks rather than each week during the mowing season.

#### Water / Sewer Revenues

- Water sales – sales are on pace with last year with the increased rates just in effect for the second quarter. Annually the majority of our revenue is from July – September consumption. The majority of sales to wholesale customers also takes place June – September and will benefit from the summer weather. RCH is expected to go direct to NTMWD sometime early summer.

#### Water / Sewer Expenditures

- Generally, these accounts are within normal ranges for this period. NTMWD requires payments in advance for the various services they provide so those categories can seem ahead of budget projections and that will not resolve itself when we pay the 12<sup>th</sup> invoice in August. Overall expenditures are at only 43.98% of budget.
